Product description

Set of giant garden chess pieces is made of solid and high quality PVC resistant to water and sun rays. The pieces are made of two parts (the upper part is screwed in the base. This gives the possibility to weight or unweight the pieces with water, sand or other heavy material. One can easily play even in case of strong wind. The chessboard in shape of thick net is made of solid plastic is folded of single squares in a key element of each set of giant chess. It can be replaced by economical version made of nylon.

Playing with our giant garden chess pieces will give you hours of fun. The dimensions of each piece are written below. The price is related only to the chessmen and the board can be bought separately in our store. We have in our offer the chessboards of tarpaulin as well.
