### Product description

**This model commemorates the great Elvis Presley. The chessmen can possibly overshadow the other luxurious models. The silhouette of knight is pure masterpiece. The amount of details stuns especially in the showcase piece which is always a knight. However the king as well has its own particular design which should be mentioned. His cross is perforated in the middle, let alone the other pieces beautifully finished and polished, shining like jewels. The black pieces were made of rosewood (Dalbergia sp.) while their white equivalents are made of boxwood.**

HEIGHT OF KING: **4" = 10,1cm**

MATERIALS USED FOR CHESSMEN: **Padauk/Boxwood**
