Product description

Wydanie w twardej okładce, wersja językowa - angielska.

The Pirc is more of a counterattack than a defence: Black allows his opponent to occupy the centre and provokes a confrontation, trusting in the power of the g7-bishop and the dynamic potential in his position. It is the perfect weapon for players who seek a complex strategic fight with the black pieces.

Mihail Marin has been playing the Pirc for more than twenty years, with excellent results. In **The Pirc Defence** he not only presents his best analysis against all of White's major options, but also shares the strategic insights he has gained through his extensive experience in this opening.

Mihail Marin is a grandmaster from Romania. His previous books for Quality Chess have established him as one of the world's finest chess authors.

Praise for the author's previous work:

"Beautifully written and inspirational" – **GM Luke McShane**

"A typically lucid and thorough exposition from perhaps the most insightful and reliable chess author writing today." – **GM Jonathan Rowson**, *New in Chess*
