Product description

The double-sided wooden board is an excellent choice for board game lovers, combining elegance and functionality. Made of high quality wood, it is characterised by careful workmanship and beautiful marquetry, which gives it a unique character. One side has been designed for 64-field board and the other for 100-field checkers, making it a versatile accessory for any player. Thanks to its dimensions and precisely marked fields, the game becomes a pleasure for beginners and advanced strategists alike. The wooden board is durable and resistant to damage, ensuring long-lasting use. It will be ideal as an interior design element, attracting the eye and encouraging playing together with family and friends. Choose our inlaid board to bring a unique atmosphere to your games.
