Product description

Sultan Khan arrived in London in 1929. A humble servant from a village in the Punjab, he created a sensation by becoming the British Empire champion. Sultan Khan competed in Europe with the leading chess players of the era. His unorthodox style often stunned his opponents, as Daniel King explains in his examination of the key tournaments in Khan's career. King has uncovered a wealth of new facts about Khan, as well as dozens of previously unknown games. Now for the first time the full story can be told of how Khan was received in Europe, of his successes in the chess world and his return to obscurity after his departure for India in 1933.
