Product description

Consul chess is the younger (and slightly smaller) brother of our Ambassador chess LUXURY AMBASSADOR Chess Sets - large (54 x 54 cm)

Consul Chess figures are small, hand-made sculptures that combine precision of workmanship and a unique character. Each figure is carefully sculpted, reflecting not only its role in the game, but also the artistic vision of its creator.

The pieces were created by combining the classic Staunton style with the old Polish style of royal chess. Both the figures and the chess box are decorated with wood-burnt patterns.

The figures are additionally weighted and made of high-quality hornbeam and sycamore wood. The foldable, hand-painted chess box is equipped with a flocked insert for storing the pieces.

This set exudes elegance and style. The figures shine with their beauty, and the board finish is smooth and silky. The details are carefully crafted, which gives the set not only functionality, but also a refined character.
