Price	50.00 €
Item code	CHI133 E300
EAN	5907311000376

Product description

The Modern Staunton 3 inch chess figures set, combines classic patterns with a modern approach to design, making it an attractive choice for a wide range of players, from beginners to advanced chess players.

Modern Staunton chess pieces are an alternative to the classic Staunton style, referencing modern sculpture.

Modern Staunton are available in classic colours such as white and black, making them fit in with traditional chess boards.

The set is very well balanced, extremely stable on the chessboard. The set also includes additional hetman figures, further enriching the set and allowing for more varied and exciting chess play.

The figures have been designed with playing comfort in mind. Their ergonomic shape makes them easy to grasp and move around the board, which is important during dynamic games.

The Modern Staunton chess pieces are a modern interpretation of the classic Staunton design, which is a standard in the chess world.
