Product description

Special offer for schools, chess clubs, unions!

Pack of 10 DGT 1002 clocks

DGT 1002 is the simplest chess clock available on the market with the "BONUS" option (adding time for the move made). It is extremely easy to operate and very pleasant to use. Simply press + or - to set the desired time.

Because of the small space this chess clock occupies, it can be placed next to any chessboard even with little table space. The DGT 1002 Chess Clock runs on a single battery (included) and also comes with a 2-year warranty (you will replace it with a new clock in our shop under warranty).

This excellent, compact chess clock with a large, clear display (115 x 17mm), classic and pleasing to the eye will give you a lot of fun and add flavour to any game, not only chess.

Use the **DGT 1002** with the option to add time, and you will never run out of it!

Technical specifications:

- Battery - One AA battery
- Difference - Less than 1 second per hour
- Body ABS plastic (various colours)
- Display - 115 x 17 mm
- Total clock size -. 155 x 60 x 42 mm
- Weight - 105 grams (including battery)

As **General Distributor** of **DGT** products, we provide the fastest warranty service for electronic chess clocks. A new clock is dispatched upon receipt and inspection of the advertised (returned under warranty) product.

Product DIMENSIONS:**155 x 60 x 42 mm**
