Product description

This is amazingly well-balanced model of chess pieces. The silhouette of knight should be particularly underlined due to its interesting design. Some people call it „Laughing Knight” as its muzzle is wide open as if it tried to laugh into its enemies face. All pieces are characteristic because of its slim and detailed design.

Black pieces are made of acacia while the white ones are made of boxwood.

HEIGHT OF KING: **4" = 10,1cm**
