Product description

These chess pieces of a Roman design have been made from plastic and they are packed in a polybag as an economical set. These weighted chessmen go also with our Spartan chess set (CH139A). With a 96mm King this set is ideal for our folding plastic and vinyl roll-up chess boards with square size of 55mm. Thanks to felt pads on the bottom these pieces glide across the board nicely. They are available in golden/black colour.
