Product description

This model is called Royal Knight as the knight piece resembles one of the stallions from kings's stable well protected and carefully attended. The mane make us think rather of the nicely combed haircut while the muzzle look like smiling lips. The design of king should be mentioned as well for on its top one can note quite an unusual shape of cross. The whole set is perfectly balanced and should satisfy the most demanding chessmen connoisseurs. All the pieces are made of boxwood and ebony.

HEIGHT OF KING: 4" = **10,1cm**

MATERIALS USED FOR CHESSMEN: **Ebony/Boxwood**
