Product description

Tournament chess in size 5 (chessboard size 48 x 48 cm and 90 mm king height). This is the so-called 'tournament standard'. The set consists of our wooden, high-quality inlaid mahogany and sycamore, half-folding chess case known from the CH95 SET BROWN and our Polish Stauntons produced after the popular Indian German-style chess pieces (also called Timeless - see DGT).

The pieces in this set are our answer to the superior Indian product. They are additionally weighted with metal, their surface is sanded to compensate for any imperfections.
